COMPANY OVERVIEW

SRQ Processing LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) specializing in credit card and ACH transaction processing for business-to-government (B2G) and business-to-business (B2B) environments. With over 30 years of industry experience, SRQ Processing provides customized payment solutions that reduce merchant costs through Level 3 interchange optimization. Our mission is to help government contractors and corporate vendors achieve significant savings on processing fees while maintaining the highest levels of transparency, compliance, and security. We take pride in providing personalized support, clear communication, and education to help clients understand their statements, minimize unnecessary costs, and maximize profitability. By combining technical expertise with a commitment to integrity and service, SRQ Processing delivers efficient, secure, and cost-effective payment processing tailored specifically to the needs of federal, state, and corporate entities.

CORE COMPETENCIES

Credit Card Transaction Processing

- Secure, compliant processing for government and corporate clients with full Level 3 data capture.

ACH Transaction Processing

- Efficient, low-cost electronic payment solutions for recurring and high-volume transactions.

Interchange Optimization

- Expertise in lowering processing costs by ensuring all eligible transactions qualify for the best interchange rates.

CEDP Compliance

- Support for Contractor Electronic Data Processing (CEDP) requirements to meet government payment standards.

Payment Gateways

- Integration of advanced gateways with real-time reporting, fraud protection, and tokenization for enhanced security.

Cost Analysis & Consulting

- Comprehensive review of existing payment structures to identify savings and improve operational efficiency.

Merchant Education & Support

- Ongoing training and dedicated client support to help businesses understand and manage their processing systems effectively.

DIFFERENTIATORS
